- Developed and executed dynamic language activities and games, boosting student participation and enthusiasm
- Contributed to maintaining a positive learning environment by addressing student needs, managing classroom dynamics, and fostering a supportive atmosphere.
- Created detailed and engaging English lesson plans aligned with curriculum goals, tailored to various age groups and proficiency levels.
- Organized teaching resources, including handouts and multimedia content, to support diverse learning styles and enhance lesson effectiveness.

Achievements: Facilitated key cultural exchange events between members of staff, supporting the integration of foreign staff into the Japanese community and fostering an inclusive environment for those experiencing culture shock.

HR Assistant - STech

April 2024 – August 2024

Key responsibilities

- Assisted senior members in recruitment processes via creation and posting of recruitment advertisements, and preparing interview dates
- Preparing orientation materials, conducting initial training sessions, and ensuring a smooth integration for new employees
- Maintaining accurate and confidential employee records
- Provide administrative support to the HR team, including preparing reports, managing HR documentation, and handling employee inquiries
- Assisting with the administration of employee benefits programs, including referral bonuses
- Assisting with employee concerns, and ensuring a safe, comfortable, and compliant workplace for all members of staff

Achievements: Turning a temporary role (HR assistant) into a permanent position due to outstanding performance and results.

Customer Experience Specialist at STech

October 2023 – April 2024

Key responsibilities

- Providing support and liaising with all relevant departments to assist in resolving technical issues
- Utilizing financial back-office systems to identify and disburse customer funds efficiently
- Ensuring all protocols and regulations are met, in relation to Responsible Gambling and Anti Money Laundering protocols
- Tracking analytics to ensure that no clients are experiencing harm, or abusing our promotional offers
- Using technological skills to navigate multiple back offices, to troubleshoot and solve problems
- Acting as a first point of contact to the customer base, while also forwarding and supporting various marketing documents to the relevant departments
- Meeting clients needs and solving queries in a friendly and helpful manner, while communicating with other departments to ensure all clients issues are resolved

Achievements: Achieved the highest workload and received perfect performance reviews for five consecutive months.
